PROFESSIONAL EXPERIENCE

UX/UI Designer & Digital Project Manager
Methodic Effective Learning | 2023–Present

- Led end to end UX/UI for complex digital products, including user flows, information architecture, wireframes, and high-fidelity interfaces.
- Translated usability findings, client feedback, and QA insights into clearer navigation, screen structures, and interaction patterns.
- Built a design system and reusable templates that improved consistency and cut development time by 20%.
- Led AI-driven workflows across UX exploration, prototyping, UI production, content design, and QA.
- Developed AI-powered QA tools with Claude to identify recurring issues and support bulk fixes.
- Managed projects from brief to release, coordinating designers, developers, production teams, and clients.

Learning Experience Designer
Methodic Effective Learning | 2022–2023

- Designed digital courses and interactive products across 20+ projects for more than 10 clients.
- Turned complex content into clear screen structures, wireframes, and interactive designs that were easier to develop and use.
- Created three reusable templates that saved 15–30 design hours per project while managing 3–5 parallel projects.

Learning Experience Designer
Mizrahi Tefahot Bank | 2020–2022

- Delivered 20+ digital projects across financial, regulatory, and technical domains while managing 2–3 projects in parallel.
- Conducted needs analysis through interviews and surveys, using feedback and completion data to improve projects.
- Designed information architecture, screen structures, visual concepts, and storyboards for digital experiences.
- Defined three CRM user flows for call center employees.

Graphic Designer
IAF Electronic Warfare School, Military Service | 2011–2013

- Designed visual and digital materials for technical training.
- Completed instructional design training through the R&D department.
- Received the Outstanding Soldier Award.
